ESB’s mission is to provide UK language teachers and learners with the best of a huge range of materials produced by the many European publishers who specialise in the learning and teaching of their respective languages.

In particular, we think it is in every pupil’s interest that UK language learning should be aligned with the CEFR, which all the best new materials produced within the other member countries of the Council of Europe now incorporate.

As a guide, please see the table below for an approximate comparison of CEFR language levels, TORFL (Test of Russian as a Foreign Language) levels, and UK certifications:

*Fun Russian. 27 Tips from the Cat Vasily*  
*ЗЛАТОУСТ*

This new beginners book with its colourful material and English translation makes the experience of learning grammar live and dynamic. Drawing on British research (“Cute Cats Could Be Key to Learning New Languages”), as well as on a famous character created by A. Pushkin, the authors devised the Cat Vasily, a professor who has 3 assistants: Anfisa the Cat, Zhorik the Parrot and Mag the Cat, who introduces students to Russian nouns and idioms, explaining the magic of Russian words. The authors deliberately leave the teacher in a supporting role so that students feel comfortable interacting mainly with Vasily, Anfisa, Zhorik and Mag. Carefully designed illustrations for grammar and vocabulary help students to memorise material easily, and the karaoke from Zhorik is an entertaining aid for learning Russian songs. As explained by the title, it is hoped that the seeds of joy in learning Russian with this amusing book will turn into powerful sprouts of love for Russian culture.
